  . Goddady & Namecheap)

EXPERIENCE

Web Developer
TATECHWORLD Apr 2021 - Jan 2023
As a Web Development Intern at TATECHWORLD, I had the opportunity to work on a variety of projects, showcasing my proficiency in HTML, CSS, Bootstrap, JavaScript, jQuery, Ajax, PHP and Laravel.

Senior Web Developer
Desired technology   Jan 2023 - NOV 2024
As a Fullstack Web Developer at Desired Technology, I played a pivotal role in diverse projects, demonstrating expertise in HTML, CSS, Bootstrap, React, Next Js, JavaScript, jQuery, Ajax,Node Js, Express Js and PHP & Laravel.

Remote Web Developer (Dec 2022 - March 2023)
Worked remotely as a front-end developer using React and Bootstrap for a small startup, while contributing to the back-end with Laravel.

SOME RECENT PROJECT

Medipedia
Built an MCQs web app for Desired Technology's medical student firm. Frontend: React (Next.js), Bootstrap UI, NextAuth. Backend: PHP.

Job Bank
Developed Job Bank, an **AI-based web app** in Next.js with AI-powered quiz, interview question generation, and a resume-making module, operating on a subscription model.

Majestic Distribution
PHP Bootstrap solution for effortless national bookings and international syndicate deliveries of fresh fruits and vegetables.

Skill Alfa Institute
Explore Skill Alfa: Main site built with Laravel & React for course browsing; admin side, Skill Alfa Hub, made with Laravel & Bootstrap, ensuring seamless learning

Jumbo Cash
Tailored a Laravel Bootstrap script from CodeCanyon, enabling multiple plans, daily profits, and a custom referral system for online earning.

Automove
Created a dispatch website for Desired Technology's truck firm with user-friendly elements, call center interface, and admin dashboard. Frontend: React & Bootstrap; Backend: PHP

E-commerce Platform (Josam)
Built a robust online store using Node.js, Express.js, React.js, and Next.js, featuring custom API integration and advanced search functionality. The project included four distinct panels: three web-based (admin, vendor, customer) and one mobile app (Driver).
